Step-by-step instructions

Requirements:

Note: All strips are cut across the width of fabric.

- 2, 2½" strips medium black print for block centres
- 16, 2½" strips assorted black prints for blocks
- 16, 2½" strips assorted white prints for blocks
- 70cm solid black fabric for border
- 40cm solid black fabric for binding
- 3.8m backing fabric
- 66" square batting

Finished block size: 10" x 10"

Finished quilt size: 58" x 58"

Please read all instructions before commencing.

Cutting:

Note: Cut an assortment of sizes from each print.

From the medium black print cut:

- 25, 2½" squares

From the assorted black print 2½" strips cut:

- 26, 2½" squares
- 50, 2½" x 6½" rectangles
- 24, 2½" x 10½" rectangles

From the assorted white print 2½" strips cut:

- 24, 2½" squares
- 50, 2½" x 6½" rectangles
- 26, 2½" x 10½" rectangles

From the solid black border fabric cut:

- six 4½" strips

From the solid black binding fabric cut:

- six 2½" strips

Method:

Note: ¼" seam allowance is used throughout.

Black Blocks:

1. Join a 2½" square of white print to each side of a 2½" square of medium black print
2. Join a 2½" x 6½" rectangle of matching white print to the top and bottom of above unit.

3. Join a $2\frac{1}{2}$ " x $6\frac{1}{2}$ " rectangle of black print to each side of above unit.

4. Join a $2\frac{1}{2}$ " x $10\frac{1}{2}$ " rectangle of matching black print to top and bottom of above unit.

Block should now measure $10\frac{1}{2}$ ". Make 12 blocks.

White Blocks:

Make 13 white blocks in the same manner as the black blocks reversing the placement of the black and white prints.

Quilt Assembly:

Using the photograph as a guide, stitch the blocks together in five rows of five blocks, alternating the black and white blocks.

Border:

1. Remove selvages and join border strips together end to end.
2. Measure length of quilt top through the centre and cut two border strips to this length.
3. Attach to each side of quilt top.
4. Measure width of quilt top, including side borders, and cut two border strips to this length.
5. Attach to top and bottom of quilt top.

Quilting:

Our quilt was professionally quilted by the lovely ladies at Hobbysew, Kings Park.

If you choose to do your own quilting you will need to sandwich the quilt top, batting and backing and secure with pins or basting to prevent the layers from shifting whilst quilting. Hand or machine quilt as desired.

Binding:

1. Remove selvages and join binding strips together end to end using a diagonal seam.
2. Press in half lengthwise with wrong sides together.
3. Align raw edges of binding with raw edges of quilt top and stitch using a walking foot mitring the corners as you go.
4. Trim batting and backing to ½" from stitching line.
5. Fold binding to back and handsew using stitching line as a guide.
